HAPPY 4TH OF JULY

Message From The President

Eagle Products is recognized as one of the longest running suppliers of custom decorated apparel in the industry and still proudly serving customers from coast to coast.

With over 50 years of exceptional service and experience, Eagle Products has grown into a multi-faceted company. We are easy to work with and create custom designs suited for a variety of styles and colors that retail extremely well. We also offer multiple artistic formats into which icons, text, and fonts may be changed to suit the customer's specific needs and/or location.

Quality Work

I believe in providing the highest level of service and accessibility to our customers and we go over and above to ensure quality prints. We pride ourselves on our outstanding in-house support team and production staff.

Honest Prices

My staff and I believe in treating our customers the way we would want to be treated, regarding both quality and price. The price that you are quoted is the price that you will be charged. For your convenience, we accept all major credit cards.

Respect of Your Time

We know that you're busy. We can schedule a window of time that fits your needs or just call us when you need us. We have in-house live support staff that's here to communicate with you about our products, services, and orders. You will never talk to a computer at Eagle Products.

Peace of Mind

Our operators are clean, neat, and they value attention to detail. They have years of experience and are trained to treat customer orders as if they were their own. Our loyal customers are a testament to our top-notch designs, quality prints and competitive pricing.

I truly believe that we offer the best in custom decorated apparel in the country, and I stand behind our finished product and service. If you ever have any concerns, feel free to contact me personally at our offices at (800) 821-2615.
